— AN APPRECIATION —

On behalf of the Town, the Selectmen wish to take this opportunity to make public record of the generosity of Harry A. Tilton and Mr. and Mrs. Joseph Gusenoff to the town.

Mr. Tilton, who allows the Recreation Committee to continue the use of his land for the town ski tow, improved the slope by further grading. Recognizing a long felt need, Mr. Tilton gave to the town fifteen metal and wood settees for use on the public grounds at the Harbor.

Mr. and Mrs. Joseph Gusenoff deeded to the town, land and buildings on the south side of the old Pulp Mill road, thereby making it possible for us to beautify that area at a future date.

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty.

Use your town dump.

Number of local fires: No Fires For a Two Year Period

Number of permits issued: 33

ENGINEER'S REPORT OF THE SUNAPEE FIRE DEPARTMENT, 1958

In 1958 the Fire Department answered three alarm calls and seven still alarms, with one out of town fire.

Our fire losses this year were very small.

Our apparatus is in good condition.

We added som 2½" and 1½" hose this year.

We wish to thank the townspeople and summer residents for their cooperation.

This year a few major items increased our expenses under repairs and improvements and librarian's supplies. The Library was painted and the front steps repaired, the library floor was refinished and extra storage space was built for magazines and books. Recataloging of the books, book covers and new charging system has increased the cost of supplies.

We feel that the improvements which have been made have added to the appearance and usefulness of the library and we hope that more people will make use of the facilities available to them.

ABBOTT LIBRARY REPORT

Year Ending December 31, 1958

This has been a very interesting and active year at the Library. In May the adult non-fiction and the children's book shelves were weeded and many out-dated and worn books were discarded. In September the children's book section was completely rearranged and for the convenience of the children there are now three sections of books: Easy, for pre-school and grades 1-3; Juvenile, for grades 4-6 and Youth, for grades 7, 8 and High School. This work was done with the advice and assistance of Mr. Charles Maurer, State Extension Librarian from Keene. New books have been added to the shelves as follows:

	Adult Fiction	Non-Fiction	Children's
Purchases	24	18	19
Gifts	74	25	47
State Aid Grant		38	

Books were given to the Library by Mrs. Kenneth Bradley, Mrs. S. Gilroy Chandler, Mrs. Lawrence Flint, Mrs. Mary Foisey, Lillian Garrity, Susan Jacoby, Mrs. Anna Nichols, Mrs. Elwin Nutting, Richard Webb and the Sunapee Woman's Club. The State Aid Grant was given for adult non-fiction in recognition of the fact that an effort is being made to increase the scope of material in this section and to assist us in doing so. The amount of this grant is \$150.00 and the books were purchased by the State and given to our Library.

A vertical file has been given to the Library by Mr. William C. Lary and an oil painting was given by Harold Pickering of Ithaca, New York. This painting is the work of the late Ellen Knowlton who was a former Sunapee school teacher. Other paintings on display this year have been loaned by Mrs. Robert Hill of Sunapee and Mr. Kenneth Andler of Newport.

Magazines have been donated to the Library by Mrs. Raymond Hudson, Mrs. Robert Davies, Mrs. Harriet Stocker and Mrs. Constance Tallarico. We have a new magazine rack in which to keep current and back issues of periodicals and the Indexed Reader's Guide to Periodical Literature is now available.

112 adult fiction, 117 non-fiction and 224 children's books

have been borrowed from the State Library Extension Service in Keene through the services of the Bookmobile. 244 adult non-fiction and 56 children's books have been borrowed from the State Library in Concord.

Our Library had Open House the evening of March 21st in observance of National Library Week and was open every evening from 6:30 to 8:00 during the week of November 2nd in observance of Book Week.

Starting in November there have been free movies for school children shown at the Library the first Saturday evening of each month at 7 and this schedule will continue through the balance of the school year. These films are available to our Library free of charge through the State Library from the Audio-Visual Service of the University of New Hampshire. In this connection I wish to express my appreciation to David Sherburne, Principal, for loaning me the movie projector and screen from the Central School and to the Fire Department for loaning chairs.

During the year there have been 32 class visits to the Library and bus students and High School students have been given Library privileges during school hours.

I have attended Library meetings at New London February 21st, at Bradford May 16th and at Sutton October 30th, with members of the Board of Trustees.

I sincerely appreciate the assistance and advice given me by the former Librarian, Mrs. Mary Haven and the assistance given me by the Trustees, Mrs. Harriet Stocker, Mrs. Guy Alexander and Mr. William C. Lary.

Respectfully submitted,

MABEL S. DAVIES, Librarian

SUNAPEE PLANNING BOARD REPORT

Members:

William Baird, Joseph Fleming, Clifford Gamsby, Leon Lovejoy, Leonard Powers, Curtis Caldwell, Chairman.

Projects:

In the latter part of 1957 a planning program for Sunapee was undertaken by the planning Board. The funds for this program were appropriated by the Town in 1957 and, with the assistance of the New Hampshire Planning and Development Commission, these funds were matched by the Federal Government under the Urban Planning Assistance Program. Technical planning assistance was provided by Elliot G. Hansen, Area Planner, of the New Hampshire Planning and Development Commission. The following planning program was undertaken:

1. **Preparation of Base Maps.** These maps include a township base map at a scale of 1—1,000'; and two compact area maps at a scale of 1"—200'.
2. **Land Use Survey.**
Existing Land Use. A map and analysis of the distribution of existing land use.
Proposed Land Use. A plan for the development of proposed land use patterns.
3. **Zoning Ordinance.** Proposed zoning ordinance and maps based on the land use studies.
4. **Preliminary Report** on traffic circulation, off-street parking, and the conservation and rehabilitation of land and buildings

in Sunapee Harbor.

The Planning Board met with Mr. Hansen during 1958 eighteen times. The base maps, land use studies, and proposed zoning ordinance were completed and accepted by the members of the Board. The proposed zoning ordinance was not accepted at the 1958 Town Meeting. A report, "A Plan for the Improvement of Sunapee Harbor" was completed and will be available for review at the 1959 Town Meeting. Any ideas contained in this study are suggestions only, and any comments on them will be appreciated by your Planning Board.

Board members Caldwell, Lovejoy, and Gamsby and Selectman Colcord attended the N. H. State Planning Conference in Durham in May, 1958.

Respectfully submitted,

CURTIS H. CALDWELL

Chairman, Sunapee Planning Board

REPORT OF SCHOOL BOARD

CO-OPERATIVE SCHOOL STUDY PROGRESS

The towns of New London, Springfield and Sunapee have voted to petition the State Board of Education to become members of a Co-operative School District. Andover, Bradford, Newbury and Wilnot have voted in favor of continuing the study for a Co-operative School District. There are meetings planned in the respective towns to take a definite vote on a Co-operative High School.

The Co-operative High School, as tentatively planned, would be located near New London. This should be as central as possible for the towns named above and would include provision for town water supply, sewage disposal and fire protection.

The cost for a school for 400 to 500 pupils, grades 9 through 12, would be approximately \$833,000. Sunapee's share of that cost would be 22.99% with all of the above-mentioned towns participating.

The present Sunapee High School curriculum includes the following courses:

1. All students must meet the minimum standards—4 English, 1 Math, 1 Science, 2 Social Studies credits.
2. Physical Education is required two periods a week in Grades 9, 10 and 11 unless excused by a doctor. No credit is given.
3. Students may elect band, choir, orchestra, glee club, and art for two periods a week in any year. Students meeting the requirements of the department will receive $\frac{1}{4}$ unit credit a year for each activity.
4. Co-curricula activities would be the usual ones in all aspects of activity—organized as the need or desire becomes apparent. All athletic participants (football, basketball, etc.) practice after school hours.
5. All students to graduate must have 16 units of credit. College preparatory must have 18 units of credit.
- 6 Diplomas definitely state the type of program followed by a student.

RUTH P. JOHNSON, Secretary

Sunapee School Board

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Singapore:

I submit herewith my tenth annual report as Superintendent of Schools.

CURRICULUM

The present school year has brought about some significant changes in both the elementary and high school curricula.

Dances in Art have been added at both levels. This is a required part of the program in the Grades and is on an elective basis in high school. While some might view this area as another "frill", most would agree that it has a part along with music as an area of exploration in the Grades with an opportunity for those in high school who show particular talent to receive further basic training as an elective course.

The addition of another elementary teacher has made it possible to operate Grades 1, 2 and 3 as single grades. Since we have only seven teachers for eight grades, it is still necessary to run double grade set-ups in Grades 4 through 8.

SCHOOL YEAR 1959-60

Room-wise we are making time at both the elementary and secondary levels pending the outcome of the Co-operative High School Study.

By entering a partition in the Cafeteria, it was possible to provide temporary quarters for the additional elementary teacher. However, this restricts the use of the Cafeteria, necessitates serving in three shifts and should not be considered a satisfactory, permanent arrangement. One additional room for elementary purposes would make it possible to operate Grades 1 to 8 as single grades. At present—by the lack of this one room, it is necessary to run split and double grades in four rooms. I believe most parents are anxious to see this split double-grade situation eliminated.

With the impact on secondary education of the recently released study of Dr. James Mount on "The American High School Today," it is hard to believe that Singapore will wish to indefinitely continue to operate its small high school unit. In the face of such a study, it is difficult to seriously dispute the major recommendation on which all of the others are based; namely, to eliminate small high schools and bring together large enough groups of students to offer a comprehensive high school program at a reasonable cost.

If Sunapee should decide to "go-it-alone", serious consideration should immediately be given to providing an adequate Auditorium-Gymnasium, an extensive renovation and enlargement of the Science Laboratory facilities, possibly the establishment of a Language Laboratory as well as the development of several other specialized areas. Without question, the next ten years will see many changes and innovations in high school education. If your young people are to compete on an equal basis with others, you must provide the up-to-date facilities for their training.

NATIONAL DEFENSE EDUCATION ACT OF 1958

Under Title III of the above Act, funds will be available on a matching basis to local school systems for the acquisition of laboratory or other special equipment for Science, Mathematics, or modern Foreign Language teaching.

Funds have been included in the Budget to take advantage of this dollar-for-dollar matching of Federal funds. It is hoped to use a portion of these funds to build up the equipment and materials for adequate science instruction in the elementary grades as well as the high school. The needs of our time dictate that children be introduced to the ideas of science and the scientific method at an early age.

EMERSON SCHOLARSHIP

The Trust under the will of John U. Emerson provides the funds for the establishment of the "John U. and Della M. Emerson Scholarship". This award is to be awarded annually "to a member of the Senior Class whom the School Committee may deem needy and worthy, to enable said scholar to attend a higher institution of learning". It is expected that the income from this fund should provide an award of approximately \$250.00.

STAFF

The problem of keeping a competent staff and obtaining qualified replacements is a continual one. Salary, working conditions and attitude of the community toward teachers are all important factors. Several personnel policies were taken by the School Board this past year.

The maximum number of days of sick leave that may be accumulated was increased from 30 to 45 days. This builds up at the rate of 10 days per school year—when not actually used during the year. (This brings Sunapee in line with Newport and New London on this policy.)

A policy adopted relative to In-Service Training should further help to hold competent staff members interested in professional

advancement. The policy is as follows:

Each teacher—not holding a Master's degree—is required to obtain at least four (4) semester hours of credit through an accredited post-secondary institution every five (5) years. (Approved travel may be substituted to fulfill a part of this requirement.) (Teachers holding a Master's degree are required to obtain at least two (2) semester hours of credit every five years.)

By State regulation, teachers who become certified after July 1, 1948, are required to earn six semester hours of credit every five years.

The School District will allow each teacher \$25.00 a credit, toward the cost of summer school attendance to meet the above requirements or to assist them in obtaining credits for an advanced degree, provided the teacher continues to teach in the Sunapee schools during the entire school year following attendance at summer school. (This allowance shall not apply toward approved travel.) (Requests for such summer school financial assistance must be presented to the Superintendent in writing prior to budgetary preparation for the ensuing year.)

CONCLUSION

The work of the School touches many phases of community activity. It is my hope that our accomplishments will be such as to merit the continued interest and support of the citizens of Sunapee.

Respectfully submitted,

GORDON B. FLINT,

Superintendent of Schools

REPORT OF HELPING TEACHER

Now in the fifth year of providing services throughout the five towns of this supervisory union, I wish to express my deep appreciation to all in the schools and communities served for the cooperation and encouragement extended to me toward the fulfillment of the objectives and responsibilities outlined below.

1. **OBJECTIVES**—Directed by the Superintendent of Schools and as established by law, the work of Helping Teacher has aimed toward the giving of "...helpful advice, counsel, and assistance to teachers, pupils, and parents of a school system as a constructive means of improving the educational growth and development of children; solving pupil problems of retardation and maladjustment; bringing resources outside of the school to classroom teachers, pupils, and community; and in general acting as consultant to the entire staff and community in recognition of educational needs."

2. **REPORTING PUPIL PROGRESS**—This year some revision was made in the report card used for reporting pupil progress in the elementary grades 1-8. This revision makes the report in both scholarship and citizenship more practical and positive for teachers, parents, and pupils.

3. **TESTING PROGRAM**—As in other years, this program includes (a) achievement tests in all grade levels for the entire school system; (b) mental ability tests administered to pupils in grades 1, 4, and 7; (c) the arrangement for individual or small group tests as needs arise. Every attempt is made to use the results of these tests, together with teacher-made devices for pupil evaluation, as a means of determining and guiding the educational growth of children. These tests often serve as the basis for grouping of children, either by separate divisions or within the classroom, and provide valuable information for parent-teacher conferences.

4. **CLASSROOM VISITS**—These visits make it possible to share the physical, emotional, and educational atmosphere of the classroom. Follow-up conferences with teachers are intended to exchange ideas, review of lessons taught, and to promote instructional improvement.

5. **RESOURCES AND MATERIALS**—These are essential in providing for enrichment in teaching and for individual pupil

needs. Special texts, references, book lists, and other memoranda bring to the teachers a variety of teaching aids to help strengthen the overall curriculum. Science has already received considerable emphasis throughout the elementary grades. Steps are now being taken to provide better materials for teaching various phases of language in these grades.

6. MEETINGS AND CONFERENCES—Whether a formal staff meeting, an informal chat with a teacher, conference with a parent, participation in P-TA discussions, or attending educational meetings, a wide variety of topics are covered—all aimed at providing the best education for all.

7. AUDIO-VISUAL AIDS—The filmstrips are still the most useful and practical teaching aids in this field, primarily because they are more readily available when needed than sound motion picture films. With the addition of new filmstrips each year, our library has become more valuable, and revised listings are being prepared in all curriculum fields.

The work of Helping Teacher shares in many other services and responsibilities of education, including conferences with parents, individual testing of pupils, arranging for special testing, assisting teachers with problems of keeping the school register, and assisting the Superintendent of Schools in any administrative details as they effect the improvement of instruction throughout the school system.

The realization of the purposeful goals and responsibilities of the Helping Teacher would not be possible without the cooperative spirit of all teachers and principals and the mutual interest in the best education for all

Respectfully submitted,

ALPHONSE J. SOUCY,

Helping Teacher.

REPORT OF THE PRINCIPAL

Sunapee High School
Sunapee, N. H.
February 6, 1959

Superintendent Gordon B. Flint
Newport, New Hampshire

Dear Mr. Flint:

Commencement Exercises for Sunapee High School were held on June 12, 1958. There were nine graduates: Joan Anderson, Madeline Gregory, James Houghton, Victor Laro, Ronald Laware, Edithann Odell, John Sanborn, Deborah Taylor, and David Trombly, Jr.

Recipients of prizes and awards were as follows:

Babe Ruth Award	Deborah Taylor and David Trombly
Readers Digest Award to the Valedictorian	Joan Anderson
Sons of American Revolution Medal	Jennie Click
Daughters of American Revolution Certificate	

Joan Anderson

Josten Citizenship Medallion

Victor Laro

Sunapee Fire Department Sports Award

David Trombly

Murvin A. Bailey Award

Joan Anderson

One member of the class is attending New England College, two are attending the New Hampshire School of Accounting and Finance, one is attending Manchester Technical Institute, two are working in Sunapee, and one is working in New York.

In compliance with the State regulations, a course in Art has been added on the high school level. This program has also been extended to include all elementary students.

A new system of marking conduct, attitude, and effort on the high school level has been developed by the staff and adopted by school board regulations.

In my several years in Sunapee if I had to single out one item that does the most harm to scholastic averages and learning, it would be the automobile. I sincerely believe that all of us as parents have a moral obligation to avoid letting an automobile rule the life and thinking of our Junior High and High School students.

I would again like to thank the Sunapee Fire Department, the Sunapee Woman's Club, and the Junior Ski Committee for their help in aiding our school program.

Respectfully submitted,

DAVID W. SHERBURNE,

Principal
